

PIP'S PIÑATA PLAZA

A dead spin lands. Pip whacks the piñata. Winning cells lock, everything else whirls off in confetti and re-lands — and the payout can only go up. That's the Encore.

EVERY MODE, WITH ITS COST AND RTP

MODE	COST	RTP	WHAT IT DOES
Plaza Spins	1×	96.50%	Standard play; the Encore fires when a spin's line wins total under 1× and a Star Piñata is on the board
Fiesta Boost	1.5×	96.50%	More Star Piñatas on the reels, so the Encore fires more often
Encore Parade	2×	96.50%	A Star Piñata lands on every spin that doesn't award the Grand Fiesta, so the star is always armed
Triple Encore	4×	96.50%	A Star Piñata on every non-Fiesta spin; the Encore fires on any spin under 3×, winning spins included, and can burst up to 3 times
Grand Fiesta	100×	96.50%	Straight into Grand Fiesta free spins, always starting on 4 or 5 Fiesta Drums (15 or 20 spins)
Star Lock	100×	96.50%	Free spins (4 or 5 Drums) where every Golden Star locks through that spin's bursts; locks clear between spins, and Golden Stars are rarer here

Availability: live on Stake as an Only on Stake title. Engine fixes a game's route at launch, so other casinos can't carry this one. It's here to show what we build.

For your casino: new Engine Network titles, and exclusive originals on request. Talk to the studio at dadsofgambling.com/operators/#contact.

Figures are the game's certified per-mode RTPs from the math that ships to Stake, as printed on dadsofgambling.com/our-games/pips-pinata-plaza/. RTP is a long-run average over millions of rounds; single sessions vary widely. Max win is the cap on a single round.
