

SLIME LAB

An axolotl scientist's lab where a shattered Catalyst Vial fuses matching goo into the next creature up — and every fusion fills a tube that vents giant MEGA GOO wilds.

SIGNATURE FEATURES

- Catalyst Vial fusions
- Specimen Tube
- MEGA GOO wilds

EVERY MODE, WITH ITS COST AND RTP

MODE	COST	RTP	WHAT IT DOES
Standard Play	1×	96.50%	Ways, tumbles and Catalyst Vial fusions; the Specimen Tube marks at 3, 6 and 9 fusions
Cold Fusion	1×	96.50%	The same 1× stake on its own reels: Vials reach far more boards, the tube marks at 2, 4 and 6 with one MEGA GOO wild per mark, and tumbles stop after 4 steps. Many small returns
Vial Boost	1.5×	96.50%	More Catalyst Vials, so more fusions, for that spin only
Pure Culture	50×	96.50%	One spin on special reels with no glassware: every fusion makes a bigger goo creature, each tube mark floods 2 MEGA GOO wilds, and tumbles stop after 4 steps. Not a Free Spins entry
Meltdown	100×	96.50%	Straight into Free Spins on the steady profile: frequent Vials, and every fusion climbs one rung
Overreaction	100×	96.50%	Straight into Free Spins on the spiky profile: rarer Vials, but every fusion climbs two rungs

Availability: live on Stake as an Only on Stake title. Engine fixes a game's route at launch, so other casinos can't carry this one. It's here to show what we build.

For your casino: new Engine Network titles, and exclusive originals on request. Talk to the studio at dadsofgambling.com/operators/#contact.

Figures are the game's certified per-mode RTPs from the math that ships to Stake, as printed on dadsofgambling.com/our-games/slime-lab/. RTP is a long-run average over millions of rounds; single sessions vary widely. Max win is the cap on a single round.

18+ only (21+ where required). Gambling problem? Call 1-800-GAMBLER (1-800-426-2537) or visit ncpgambling.org.
